

HUNTING SAFARI CHECKLIST

TRAVEL DOCUMENTS

- Passport with a valid visa (Visa not required for US citizens)
- Rifle paperwork (Permit will be with us)
- Airline Ticket/Reservations
- Travel Insurance
- Cash/Credit card – notify your credit card company that you are coming to Africa. VISA and MASTER cards are accepted by most retailers. Cheetau Charge a 4% fee when settling account with Credit Card. Accounts can also be settled via transfer before your trip.

CLOTHING – Please note that washing is done every day. We recommend you pack light.

- 2 or 3 Hunting shirts – long or short sleeves, khaki, cream, olive, camouflage
- 2 Loose fitting pants or jeans
- 2 Shorts
- Underwear
- Socks
- 1 or 2 T-shirts
- 1 or 2 Sweaters
- 1 warm Jacket or Fleece
- Waterproof jacket
- Ball cap/ Hunting hat
- Gloves
- Shoes – Light weight comfortable shoes to hunt in
- Comfortable shoes or sandals to wear around camp

GENERAL

- Camera and video cameras with extra batteries or charger
- Binoculars
- Toiletries
- Sun block, sunglasses and chapstick
- Insect repellent
- Flashlight with batteries
- Voltage converters and adapters for all electronics. The region uses 220V - we do have adapters that we can supply you with for the duration of your stay.
- Medication and allergy medication

- Ladies – please do not bring your hairdryer. It will surely blow up as our voltage is different to yours. Let me know and I will make sure that you have a hairdryer in your room, if you wish to have one.
- We take photos throughout your stay with us. If you would like us to make copies of them on an external hard drive, please bring one along and we will gladly copy all the photos for you.

FIREARMS

We strongly recommend the use of your own rifles. You should be comfortable with the rifle you bring on your safari. Shot distance will range from 30 to 250 yards depending on area and species. Suggested calibres range from a minimum .270 for plains game hunted in open grassland to .375 for savannah bushveld. The minimum requirement by law for Big Five is .375 H&H.

Import procedure

Make sure you have the following on you, when you arrive in South Africa.

- Passport
- Airline ticket
- Proof of ownership
- Export permit from country of origin
- Invitation letter from Cheetau Safaris
- Completed but NOT signed SAPS 520 form

Please note that, depending on your airline, any ammunition should be packed in a separate, lockable, hard box and put in your check in luggage. Some airlines require your ammunition to be packed in a separate, lockable case and checked in separately. Please make sure that you check with your airline on how they prefer your ammunition, to be packed.

Once you have collected your baggage and cleared customs, proceed to the big glass sliding doors. Please bare right, we will be waiting for you and if you are bringing in your own rifles, the lady that helped you with your rifle permits, will be waiting with us.

From there we will accompany you to the Police clearance office, where you will receive your rifle.

Please let us know there is anything that is unclear.
